SKILLS

- **Languages**: C++, JavaScript, C
- **Frameworks**: HTML and CSS, Bootstrap, Tailwind, Express, Node.js, React.js, Vue.js
- **Tools/Platforms**: MySQL, MongoDB, Docker, Git, GitHub, VS Code
- **Soft Skills**: Persistence, Collaborative Teamwork, Patience & Thoughtfulness, Open-Mindedness
- **Others:** Data Structures and Algorithms, OOPS, DBMS, Operating Systems, Generative AI, Networking

PROJECTS

- **E-commerce Credit Profit System : |** Oct' 2025
  - Developed a full-stack E-commerce Credit Profile System enabling users to create credit profiles and track purchase history for smarter purchasing decisions.
  - Implemented secure user authentication, product browsing, cart management, and credit-based purchase tracking using RESTful APIs and a responsive UI.
  - Built scalable backend services for profile management, transaction records, and credit evaluation, improving transparency and efficiency in user purchase analysis.

  Tech Stack: HTML, TailwindCSS, JavaScript, MongoDB, Express.js, React.js, Node.js

- **SmartPDF Insight : |** Aug' 2025
  - Developed a user-friendly PDF analysis web app to simplify document upload, preview, and insight extraction for faster understanding.
  - Designed the complete front-end using React and Tailwind CSS with smooth file upload, responsive UI, and intuitive navigation.
  - Helped students and professionals quickly analyze long PDFs, improving productivity and reducing manual reading time.

  Tech Stack: HTML, TailwindCSS, JavaScript, React.js, Bootstrap

- **Ballistic Recognition Tool: |** Apr'2025
  - Built a digital ballistic analysis platform to streamline case tracking and evidence management for faster, more organized investigations.
  - Formulated evidence upload, automated matching workflows, and a complete user journey (from registration to analysis) with secure, intuitive navigation.
  - Reduced manual effort and human error, enabling investigators to perform quicker and more accurate ballistic analysis.

  Tech Stack: HTML, CSS, JavaScript, React.js, PHP

TRAINING

- **AlgoTutor - Summer Training Program on DSA |** Jul' 2025
  - Enhanced ability to analyze problems logically and choose the most efficient solution approach.
  - Improved confidence in tackling complex DSA questions through consistent practice and structured guidance.
  - Strengthened competitive programming skills for faster reasoning and cleaner, time-efficient code.

CERTIFICATES

- Full Stack Web Development (MERN Stack) by ApnaCollege | Nov' 2025
- Data Structures and Algorithms by iamneo | Jul' 2025
- Mastering C: Basic to Beyond by CSE Pathshala | May' 2024
- Responsive Web Design Certification (FreeCodeCamp) | Oct' 2023

EXTRACURRICULAR ACTIVITIES

- **Adobe India Hackathon |** Oct' 2025
  - Qualified for Round 2 — Build and Connect Round of the Adobe India Hackathon, representing LPU as Team Stack Overflow.
- **Flipkart Runway: Season 5 |** Mar' 2025
  - Advanced through the Online Assessment stage of Flipkart Runway Season 5, demonstrating problem-solving and algorithmic skills.

EDUCATION

- **Lovely Professional University** Phagwara, Punjab
  Bachelor of Technology - Computer Science and Engineering; ***CGPA: 8.49*** *Since Aug' 2023*
- **Shri Kanwartara Public Higher Secondary School** Khargone, Madhya Pradesh
  Intermediate; ***Percentage: 82.4%*** *Mar' 2023*
- **Shri Kanwartara Public Higher Secondary School** Khargone, Madhya Pradesh
  Matriculation; ***Percentage: 92.6%*** *Mar' 2021*
